

RAF DENTAL FOUNDATION TRAINING SCHEME

The Royal Air Force is setting up a Dental Professional Training scheme (Dental Foundation Training / Dental Core Training) for dental graduates who wish to become RAF Dental Officers.

Dental Officers play a vital role in ensuring personnel are fit and ready for action in the UK and on deployed Operations overseas. Your role is pivotal in maintaining the effectiveness of the RAF in delivering Air Power by maximising the fitness of personnel for their tasks.

On top of a competitive salary, consistent support and exceptional training, we offer a structured and progressive career path designed to encourage and reward excellence. The RAF is a strong advocate of continuous professional development; you will be encouraged to study for the Membership of the Joint Dental Faculties (MJDF) qualification.

As your career develops you may be selected to work towards further postgraduate qualifications, e.g. master's degrees, and then be appointed as an enhanced general practitioner in disciplines such as periodontology or advanced conservation. Professional training pathways leading to consultant status are also funded by the Ministry of Defence to meet our clinical and workforce requirements.

THE ROYAL AIR FORCE SPANS THE WORLD. WE SUPPORT TROOPS ON THE FRONT LINE, FLY IN HUMANITARIAN AID FOR THE SICK AND STARVING, POLICE THE SKIES AND DEFEND THE UK AIRSPACE.
